

V6 OPEN RACK

Brand: Vivanco
Availability: 2 - 3 Days

Short Description

VIVANCOV6TwoPostOpen Racks are designed to work in a variety of rack system environments where a strong, stable, and durable relay rack is desired.

Description

VIVANCOV6TwoPostOpen Racks are designed to work in a variety of rack system environments where a strong, stable, and durable relay rack is desired. With a small footprint that saves floor space, our racks provide unrestricted airflow for maximum ventilation and easy access to cables for moves, adds, and changes.

Made from durable, high grade steel, our racks support up to 150kgs of standard 19inch EIA equipment and are available in multiple size configurations. Ships unassembled and flat packed for easy on-site handling.

Features & Benefits

Flexibility

1. Open design provides exceptional airflow and fast/easy access to equipment
2. Available in various heights to fit individual needs

Key Features

1. 150KG load capacity
2. Durable steel construction

3. RU markings on rails simplify equipment installation
4. Base plates are pre-drilled for mounting to floor
5. Small footprint
6. Flat packed and easy to assemble
