

VIVANCO Sliding Shelf

Brand: Vivanco

Availability: In Stock

Short Description

This 1U shelf conveniently slides out of the cabinet or rack for easy access to non-rack mountable equipment. The durable construction and 16 gauge cold rolled steel provide 30kgs of loading capacity, while the vented design promotes airflow to keep equipment running cool.

Description

This 1U shelf conveniently slides out of the cabinet or rack for easy access to non-rack mountable equipment. The durable construction and 16 gauge cold rolled steel provide 30kgs of loading capacity, while the vented design promotes airflow to keep equipment running cool.
